

Dear Friend

I wanted to write and tell you about Christmas as you were not able to come this year. You were missed by everyone but hope your travelling is going well.

Mum and Dad plus Kate, Becca and Freya and Lula were there. Also my Uncle Phillip and my Aunty Justine came from Scotland. And my Nanny with Monty the dog.

I decorated the tree with Kate and Freya putting lights, baubles and chocolates on which Mum and Becca ate.

I found it hard wrapping presents because they were difficult shapes. The tape kept getting stuck but an hour later I was done. I put them under the tree and wished for Christmas day.

I had loads of presents which were exciting to open. I got a pogo stick and a game called soggy doggy and a fitbit. My Uncle brought some silly, weird sticky flick it chickens! You flick them and they stick to the wall.

In the morning Freya and I made an English breakfast for everyone. Mum then cooked roast turkey, pigs in blankets, vegetables and stuffing for dinner. Nanny made a Christmas cake. We had lots of sweets and chocolates after we played games. We played charades, poop the potato, consequences, hum the tune and guess who? It was fun and we laughed a lot.

I opened my stocking with Kate, Becca, Freya and Lula on Mum and Dad's bed. We had a little stocking for Lula. In my stocking was the pogo stick.

Please write soon. I miss you.

Love Esme
